

## Innovation

School of Veterinary Medicine and Science, University of Nottingham

July 13-14<sup>th</sup> 2011

### Keynote speakers-

Professor Sir Peter Rubin, *Chair of the General Medical Council*

Professor Gary England, *Foundation Dean of Nottingham Veterinary School*

Dr Andrew Gardiner, *Veterinary Clinical Lecturer, Royal (Dick) School of Veterinary Studies*

Interactive workshops  
and  
poster sessions

Following on from the hugely successful event at RVC, we are delighted to announce the symposium will be held in Nottingham this year, to coincide with the first cohort graduating from the newest veterinary school. This is a chance to network and share good practice with veterinary educators from across the UK, and the symposium will include interactive poster and workshop sessions as well as key note speakers.

The call for abstracts for posters and workshops is now open.

Please see [www.nottingham.ac.uk/vet/events.aspx](http://www.nottingham.ac.uk/vet/events.aspx) for more details and registration.
